SCHOOL CLIMATE SURVEY

We would like to thank our students, parents, staff and school community for taking part in our school climate survey. By providing us with information that is important to you, particularly in the areas of school safety, inclusive education and mental-health and well-being, you effectively helped guide school planning. Together, you identified what we do well, where we could improve and what your priorities are. Here is how your feedback is making a difference.

The survey questions that we asked:

1. What are your thoughts on your school meeting the educational needs of all of its students?
2. What are your thoughts on your school's safety?
3. What are your thoughts on how student mental health and well-being is supported in your school?

Top feedback 'themes' that we heard are important to you:

- Safety and Supervision
- Resources and educational learning tools
- Mental Health and Well-Being support
- Communication

Actions taken as a result of your survey feedback:

- Work with students to deepen their understanding and reduce anxiety for the required fire drills and lockdown drills.
- Staff and parents will work together to improve the physical playground and offer extra-curricular/intramural activities.
- Improve the communication between home and school using newsletters, twitter, school web site and phone calls home.
- Use available tools to help students understand and regulate their emotions.
- Continue to be diligent and aware of student needs on the playground.

If you have comments or questions, please contact Principal **Craig Colbert** by calling **905-774-6052**. Please remember to visit www.stmichaeldunville.ca and follow us on twitter **@stmatholic**.
